Mr. Casey,

Here are our suggested remarks for your talk to the Defense Intelligence school on Monday. This session is at the secret level and, since the students are studying intelligence, the material is organized more as a briefing than a speech. We have tried to cover each topic so that detail or even an entire topic can be deleted without losing the major points or, as the case may be, you can add substantive material as you see fit.

We will of course stand by to revise along any lines you desire.
